EXPERIENCE

○ Front-End Developer

May, 2025 - Present

InformConsulting, LLP | Almaty, Kazakhstan

- Developed responsive websites using React 19, Next 16, TypeScript, and TailwindCSS 4 to enhance user experience.
- Collaborated with cross-functional teams to create practical interfaces that prioritize usability.
- Implemented best practices in frontend development to ensure seamless functionality and performance.

○ Full-Stack Developer

Sep 2024 - Oct 2025

Freelance | Aktau, Mangghystau

- Developed and maintained an admin dashboard for a clothing-selling application using Vue.js and Spring Boot.
- Collaborated with stakeholders to gather requirements and ensure the dashboard met business needs.
- Utilized Spring Boot for scalable and efficient backend infrastructure, handling product management, order tracking, and user roles.
- Designed a responsive and user-friendly interface using Vue.js, ensuring seamless navigation and data visualization.
- Built a static website using React, Vite, and CSS, optimizing performance and maintaining a clean UI/UX.

○ Full-Stack Developer

Jan 2023 - Aug 2024

Far Tech | Kuala Lumpur, Malaysia

- Created and managed a chatbot using technologies such as React, Twilio API, and Google Cloud.
- Worked directly with clients to understand their demands and fulfill them immediately.
- Collaborated with cross-functional teams to ensure seamless integration and deployment of the chatbot.
- Utilized Google Cloud for scalable and efficient backend infrastructure. Implemented Twilio API for robust communication features within the chatbot.
